

Two live recordings

Canadian Free jazz musicians François Carrier and Michel Lambert have been touring Europe for a while now. Together they played their melodic improv music with many outstanding European musicians.

Their first encounter with British bassist John Edwards was at the Vortex Jazz Club in London.

Two albums of this unique Trio were released with pianist Steve Beresford sharing the stage with them in 2011 and 2014.

This new Trio album on FMR Records was recorded live at Jazz Cerkno, Slovenia in 2015 and at Iklektik in London, UK in 2016.

The energy is such that we had to share this music with you all.
