Vasco Trilla

SOLO PERCUSSION

Prepared Drums and assorted percussion

Vasco is really one of the modern masters of a new ‘free sound approach’ to the drum set and percussion. Defying the accepted conventions of speed, and ‘flashy’ drum set playing, he makes an incredible musical statement here, taking us through a myriad of tones and emotions along a varied and tonally hybrid journey.

Set players who want to add something a little different to their sound world.

PeterLocketLondon2016

Recorded in Barcelona at the Golden Apple studios by Lopinski

Mixed and mastered by Rafał Drewniany-DTS studio (Krakow)

Graphic design by Carlos Santos
